Portland District

2016 Engineering Day

*U.S. Army Corps of Engineers, Portland District
Society of American Military Engineers, Portland Post*

8:30 a.m. to 3:30 p.m., Thursday, Feb. 25, 2016
911 Federal Building, 911 N.E. 11th Ave, Portland, OR 97232

This year, the U.S. Army Corps of Engineers, Portland District and the Society of American Military Engineers are partnering once again to celebrate the theme of the 2016 Engineers Week - "Engineers Make a World of Difference."

During the daylong event, students will be exposed to a variety of engineering disciplines through hands-on learning sessions, an active construction site tour, and networking opportunities through a mini-job fair staffed by local engineering firms and colleges. A complimentary lunch is included.

REGISTRATION FORM *(All participants must complete this form)*

School: _____

Name of Student (First/Last): _____ **Age:** _____

E-mail: _____ **Phone:** _____ **Parent/Guardian Phone:** _____

Transportation: Students are responsible for their own transportation to and from the event. We suggest using MAX, if at all possible. A MAX stop is located right outside the 911 Federal Building at Lloyd Center/NE 11th Ave. Limited Parking is available in the area, with all day parking around \$8-10 per vehicle.

- School-provided transportation
- MAX or other public transportation
- Driving in my own car/car pooling with others

Food Allergies: Lunch will be provided during the event. Please list any food allergies below.

Special Accommodations: The event agenda includes a 15-minute walk to the active construction site. Please indicate if special accommodations need to be made.

Video Release Form:

- I am 18 or older (no video release form is required)
- I am 18 or younger and have provided my video release form (signed by my parent or legal guardian) to my school's coordinator for this event.

REMINDER: All student engagement in engineering day activities must follow school policy and procedures relevant to off-campus activities. All students must bring their student I.D. to the event. Also, because of security processes at the 911 federal building and at the construction site, we require that all students and teachers wear closed-toed, flat shoes and that they do not bring any backpacks or sharp objects.

Questions? Contact Erica Jensen, U.S. Army Corps of Engineers at Erica.N.Jensen@usace.army.mil or 503-808-4516.
